

Foreword

His Message His Love

Bhagawan Sri Sathya Sai is the purest form of love in this universe and as contemporaries of the Avatar, we are immensely blessed to have had his Darshan, Sparshan and Sambhashan. How happy would have been the followers of Lord Jesus when He was there with them; how happy would have been the Gopikas of Lord Sri Krishna when He was there with them; how happy would have been the followers of Prophet Mohammed when He was there with them and how happy would have been the followers of the different Avatars when they descended on Earth to spread the message of Love ... same is the case with all of us today when we have been and are with the Kali Yuga Avatar – Bhagawan Sri Sathya Sai Baba.

While the Lord Sathya Sai walked on this Earth, His messages of Love and Service spread across rivers, mountains, oceans across the sky to touch the hearts of millions across...alleviating them of their pain and suffering and progressing them to a higher plane of thought to transform themselves to realise the innate divinity within themselves.

Bhagawan touched the hearts of millions beyond race, religion, region, caste colour or creed ... His discourses, His mammoth projects of Seva never in the history of mankind have we such standing example to leaders of the world. Sathya Sai message of Love All and Serve All and Help ever and Hurt never is the core essence of His Avataric mission.

His life and teachings for the sake of posterity has been taken up in a big way by many of His followers and of course the apex institution – Sri Sathya Sai Central Trust in Prasanthi Nilayam. Excerpts of His discourses and experiences of His followers are also documented in the form of books, Compact audio and video discs.

The Tumuluru family from the city of Hyderabad is one such family which has over the last 5 decades with a great sense of commitment as ardent followers of Sathya Sai have been involved in spreading the message of Bhagawan Sri Sathya Sai. The daily 'Contemplate On' messages of Sathya Sai received by many of us from Sri Tumuluru Krishna Murty, a renowned Company Secretary in India clearly shows the commitment, he has in the spreading of the Sathya Sai Message.

Going one step ahead, the Tumulus have in a very novel way, taken the initiative of putting together a number of aspects related to the Avataric mission on one platform like a pit shop entitled "Sai- The Omni-Self" under the URL <http://www.srisathyasaidigest.com> where

one could look for anything that you need ...be it, books.. audio... talks... videos ...rare photographsetc,.

This unique platform has also a feature wherein one could search on the Digest tab - Sai Spandana - content and meaning under each letter of the alphabet that Sri Sathya Sai had spoken during His life time. Developing such a platform not only takes a huge number of man hours but also intenseresearch to corroborate the thought process and carry out segmentation of the divine messages. I must state here that this work has been done wonderfully with a great sense of perseverance and devotion with a pure intent of offering Loving tribute to Bhagawan Sri Sathya Sai Baba.

While commending the extraordinary work by Tumulus, in particular Sri Krishna Murty and SmtTumuluru Prabha, I am sure this portal will become one day a quintessence of Sathya Sai's Love and Message. This site is more like *Sathya Sai Cyclopaedia* ..as I can clearly visualise that in the generations to come, when the Study of the Sathya Sai Avatar will be taken up as research projects as we do now of Rama and Krishna, many a researchers, historians and authors will look up to this portal as a reference site besides acknowledging this a portal of posterity of the Sathya Sai and His Message of Divine Love...

Wishing all those visiting this site a happy and knowledgeable time...Stay in bliss ...

Yours In Sai Seva
